

## 2016 Windsor High School Scholarships

February 16, 2016

Jennifer Taddei  
College and Career Coordinator  
Windsor High School  
8695 Windsor Road  
Windsor, CA 95492

Dear Jennifer,

We are again awarding scholarships to graduating seniors, and I am providing a copy of the application with this letter. Please see that the application is shared with all students who will be pursuing further education.

Let the students know that a specific GPA or class standing is not a prerequisite for submitting an application. Academics are important but we do not want to miss the opportunity of helping someone who would benefit from our support.

The scholarships mentioned in the application are those for which we have committed funds. We have been contacted by other persons who have expressed a desire to support the scholarships that we will be awarding. When those additional funds are available, we will let you know.

As an alternative to submitting the application to you, the applicant can submit their application by mail to the post office box for the Kiwanis club of Windsor.

Telephone me or e-mail me if you have questions.

This letter can be shared with the applicants.

Sincerely,

Robert Maize,  
Scholarship Chair
